

your global vegetable fat solutions provider

Understanding customer needs is our business

AAK is a world leading producer and innovator of high value-added speciality fats. In every customer relationship, our role is to contribute to the competitiveness of our customers in their respective markets. We offer a wide range of product advantages; from highly nutritional products, products developed for better taste and longer shelf life, to cost efficiency.

Company

AAK's wide product portfolio meets customer requirements worldwide. Our customers represent a wide range of industries; Dairy, Bakery, Catering, Infant Nutrition, Confectionery, Cosmetics, Technical and Feed. AAK's objective is to supply innovative and creative, vegetable fat solutions for the benefit of our customers.

Quality and Food safety

AAK's quality comprises the entire product chain – from raw material to finished product. All of AAK's twelve production units are certified according to international standards. HACCP is one of the tools used in order to secure a high level of product safety.

Research & Development

AAK's knowledge and expertise regarding the properties of vegetable fats develop continuously through customer contacts, cooperation with research institutes and governmental authorities – regionally and globally. Our research and development take place in close coordination with the customer to tailor products to meet the customer's requirements.

AAK ACADEMY™

AAK's customer training programme is organised by AAK ACADEMY™. The Academy arranges courses and seminars for entire industries as well as for individual customers. The purpose of the training is to make it easier for our customers to control the functionality of the fat in their own product.
